

Here are some notes on the project and suggestions for using the 'We are Church Together WiFi for Minnick Students' resources.

Establish a Goal: As a congregation decide how many students you would like to sponsor. Once you have a goal, invite members and friends to participate in reaching the goal. LFSVA's online donation website includes a place for individuals to list their congregation, so you can receive updates on your congregation's progress toward your goal if you email Pastor John Wertz, wertz@vasynod.org to share your established goal.

Donations are All Online: To make this project easier for congregations, all donations are being handled by a LFSVA's online donation website created for this project. If individuals would like to participate, but aren't comfortable giving online, you can contact Melissa Leecy, Director of Development, at mleecy@lfsva.org for more information.

Resources

Word Doc: The word document is designed so you can cut and paste contents for use in a letter, Constant Contact message, etc. This letter explains the need for LFSVA's Minnick Schools students and includes a link to the video and to the giving page for this project on the LFSVA website.

Flier in PDF Format: This can be attached to an email or printed and mailed.

Social Media in PNG format: Please share WITH the link to donation page in a sentence like this: Visit www.lfsva.org/minnickschoolwifi to donate today!

Video: The best way to share the video is to link people to YouTube, which you can do in a sentence like this: Click here to see a VIDEO of some of the students you will be helping (<https://www.youtube.com/watch?v=AfL470FhzbU&feature=youtu.be> is the actual link)

If you has questions about how to use these resources, please contact Pastor John Wertz, Jr at wertz@vasynod.org or Melissa Leecy, Director of Development, at mleecy@lfsva.org.
