

Confessions of a Lutheran: Reformation **REMIX**

Virginia Synod Faith Formation - Fall 2021

Introduction

Thank you for registering for **Confessions of a Lutheran: Reformation Remix**! The Adult Faith Formation Team hopes you (and your group, if meeting as a group) enjoys the remixed playlists centered on **four basic theological principles of Lutheran Christianity**:

1. Freed by Faith
2. Adorned by the Word
3. United to Christ
4. The Cross Alone is Our Theology

Each playlist includes:

1. An **instructional video from Dr Vincent Everer**, Associate Professor of Reformation and Luther Studies at United Lutheran Seminary. Dr Everer has also provided **study questions** and **additional readings**, most from the Lutheran theological witness.
2. A **bible reading** for reflection, meditation, study, spoken word - however you want to engage the text!
3. A **personal reflection written by a member of the VA Synod Adult Faith Formation Team**. These Confessions of a Lutheran (get it?!) help us dig deeper into the topic. These faithful leaders also remind us that each of us - including you! - is a gifted theologian, empowered by God to study God's Word and to confess our faith.
4. **Additional resources**, each of which has been chosen by the Team and shared with you as part of our ongoing confession of faith. We recognize that each of us is made uniquely in God's image, with diverse gifts and talents. We hope that this offering of **art, music, hymns, poetry, readings, stories, etc.** will invite you into a richer relationship with God's Word and with the Lutheran Confessions.

There is also a **full works cited page** that is a list of all the books and articles from all the playlists. This will help you find the materials from a library (your rostered minister's or church's) or online for purchase.
